Confirmation of telephone conversation

Dear Mr. Davis,

Thank you for your reconsideration of the 103 rejection in the office action mailed 12/9/04. I appreciate your decision that upon further review the argument supporting the 103 rejection of claims 1-14 is not tenable and you have withdrawn this rejection.

As we agreed, I will cancel claims 15-18 in response to the 112 and 102 rejections. Claims 1-14 are in condition for allowance with regard to subject matter. You will review claims 1-14 and the specification for objections to a matter of form following receipt of my amendments.

I will submit a formal response to the office action in view of the matters agreed upon today. Thank you for working with me to further the prosecution of this application.

Respectfully Submitted,

Jordan A. Altabet
